## PLAN NEW BANK FOR ARLINGTON HEIGHTS

### WELCOME PLAN FOR REOPENING OF STATE BANK

#### Pledge Half of Deposits to Meet Requirements of New Banking Rules

After waiting two weeks for something definite from the banking department as to a plan for reopening of the State Bank of Palatine the directors of that institution, with the cooperation of the business men and others in the community decided Monday to adopt the same plan that is being followed by a number of the McHenry County banks, both national and state, which have not yet received their permits for reopening after the bank holiday.

Judging from the reception that was given to the plan by the depositors first called upon, it will meet with success and Palatine will retain its bank.

Summed up in a few words, the depositors agree to accept a certain percentage of the amount of their deposits. The certificate entitles them to share in future profits of the bank, which must be used solely for that purpose and in which the stockholders will not share until all of the certificates have been taken up and retired.

Practically speaking, the plan makes a partner of each depositor. He is aiding in reopening the bank and out of the profits will get back his investment.

Many of the closed banks in the state have adopted a "waiting policy" under the impression that the state banking department would work out some definite plan that would permit them to reopen. The officers of the State Bank of Palatine have held several meetings with the business men and decided that immediate action was needed to relieve as soon as possible the handicap that Palatine was under without a banking institution.

Expressions of approval have been heard on all sides since the plan was announced and while President Rennack was unwilling to fix a date when the bank would again be open for regular business, he said it was very encouraging.

The situation is very well covered in the following letter that was mailed to out-of-town depositors:

"As you are doubtless already aware, the State Bank of Palatine, in which you are a depositor, is one of the thousands of Banks which, by an order of the President of the United States, has been closed. Not unlike most banks in rural communities, the State Bank of Palatine possesses among its assets a large number of first class and desirable loans which are secured, in the form of mortgages and trust deeds on valuable real estate, both city and farm property. Although by the very nature of these loans they cannot be immediately cashed, we have all of us heretofore considered them our safest and most secure investments.

"Although in every respect your Bank is strong, solvent and sound to the core, and repeated examinations have found it to be such, we are compelled to remain closed, and unless we can secure your cooperation we probably must discontinue as a going Bank and liquidate, which might mean heavy losses and long delays for all depositors.

"At a meeting of our Board held Monday, March 27, a plan was proposed and unanimously adopted that each depositor sign a waiver of 50 per cent of his or her deposit, thus reducing the Bank's liabilities. This plan has been adopted by many banks in a like situation to ours and proven successful. By doing this we will be permitted to reopen the Bank promptly with abundant liquid assets to pay out every depositor his remaining half at once, should he wish to withdraw. Thus instead of a closed Bank with all of your deposit 'frozen' and the possibility of slow and expensive receivership, one-half of your deposit will be immediately available and the Bank can return to its normal functions as a going institution, and also apply itself to the duty of working out its problem until every depositor has received back his or her deposit in full. Until this has been accomplished no profits or dividends will be paid to any stockholder of the Bank.

"With this explanation, we ask you to join with our other depositors in signing the enclosed waiver and returning it promptly to us in the enclosed stamped envelope. We sincerely urge you to act promptly, as every day the Bank remains closed is a loss and hardship not only to ourselves and our community but to you as well. The plan has the full endorsement of those of our depositors who have been reached in this immediate locality. They have signed the waivers and join with us in asking you to act at once, and thus make it possible to promptly reopen the Bank for business."

### PALATINE GIRL FOUND KILLED BY ROADSIDE

#### Victim Apparently of Hit and Run Driver Night Before

While walking westward on the Northwest highway about 8:15 o'clock Wednesday night, opposite the railroad bridge east of the race track, Miss Violet E. Ganschow, daughter of Mr. and Mrs. August Ganschow, residing on the south side of Palatine near Plum Grove avenue, was struck by an unknown driver of what was probably a Ford car, her body thrown about 15 feet off the embankment, and left face down in several inches of water. She was found about 7:30 o'clock next morning by a driver of a milk truck, who notified Arlington Heights police, who called the county highway police and the coroner's office.

She had left home, ostensibly to go to Palatine high school, about 8:20 o'clock that morning, her mother running after her with her lunch. She did not show up at the school, and at the inquest yesterday afternoon her parents both testified under oath, that they fully understood that she was going to the Palatine high school regularly. As a matter of fact, she quit coming to school about Dec. 15, and had been playing hooky since, unknown to her parents with whom she lived. She had asked permission to "go out with the bunch" that night, after school, supposedly to the Pickwick theater in Park Ridge.

At the inquest, it was testified W. H. De Pue, Palatine realtor and his wife, that they were returning westward in their Buick on the highway to Palatine about 8:15 Wednesday night, and were just west of Wilke road when they saw a Chevrolet car ahead of them suddenly swerve out of the lane for the figure of a woman walking westward in the path of the westbound traffic. They, too, passed the girl up, being accustomed to see people walking on the highway nowadays, but being fearful of picking up hikers, did not stop. After they had gone some distance, however, it came to Mrs. DePue's mind, that it looked like Violet Ganschow, whom she had met.

Sergeant George LeGrue of the County Highway police, found pieces of headlight glass a little beyond the spot where the girl was struck, bearing raised letters, "Ford," which may be helpful in finding the "hit and run" driver. A shoe minus the heel, was picked up 75 feet away. It had been raining and the road was very dark that night, there being no street lights at this point. The girl when seen by the DePues, was walking in the outer westbound lane about 4 feet from the edge of the concrete, looking down at the road.

Upon being called by the truck driver, Officer C. H. Skoog of Arlington Heights stood by with Dan Levi and Sergeant Le Grue until the coroner's men came. Murder was at first suspected, and John L. Butler, chief clerk of the coroner's office, and Investigators Frank Donahue and Charles Reynolds came out.

Examination by the coroner's physician, Dr. Goodman, was followed by his report that death was due to shock and hemorrhage from skull fracture due to external violence. One ankle was broken and there were body bruises. The inquest at 3 o'clock at Karstens funeral home, was followed by a verdict including the physician's statement, and that the external violence was by an unknown car, driver and license number unknown, but that they urged continued search by the police of the driver and prosecution for manslaughter.

Sensational early reports of the case in Chicago papers were almost entirely erroneous. The girl was not shot, as the paper said. The girl would have been 17 years of age April 8 next. She formerly attended Proviso high school.

### HIGH SCHOOL CANDIDATES STATE STAND

#### Women Candidates and A. B. Hewson Urge Co-operation in Affairs

(From the Parents' Economy Ticket)

Since the article of last week entitled "File Rival Tickets for High School" was evidently written solely from information received from those interested in the Miller-Sayres-Davis ticket, we of the other ticket have asked to add a few words.

Mr. A. B. Hewson, candidate for President, is a Westinghouse mechanical engineer, also spent two years in the Illinois College of Law; for fifteen years has supervised engineering and building construction work. He was secretary of the Enterprise Township (High and Grade) School Board of Enterprise, Kansas, for two years. He was elected president of the board of trustees of the Third Unitarian church of Chicago for three years, serving only two years because of change of residence. He has a boy in high school.

Mrs. Eleanor (Wm. J.) Hausam is a graduate of the State Teachers' College of Carbondale, Illinois. She taught in Illinois, Michigan, California, Arizona, and Ohio. Her last position was that of Assistant Principal of the Arlington Heights High School. While in Arizona she proved up on a homestead and still owns her 160-acre ranch. Mrs. Hausam is a tax payer, has been a resident of Arlington Heights over twenty years and has two daughters in high school.

Mrs. Frances (George) Schneberger besides being a Northwestern University graduate and interested in education, is a tax payer, has been a resident of Arlington Heights fifteen years and will have a boy in high school next fall.

Mrs. Hausam, candidate for member, is asking the support of the voters as follows:

I wish my turn on the High School Board—now, while my children are in the school. I promise nothing except to try to consider every question from all sides before deciding and to try to represent the majority. I ask no special favors because I am a woman. The question should be only whether I can do the job. I believe the good of our young people is the foremost consideration. If you consider me fairminded, level-headed, and qualified to represent you, please vote for me.

Eleanor Hausam (Mrs. Wm. J. Hausam).

Mrs. Schneberger, the other candidate for member, makes her position clear as follows:

I wish to place before the voters of High School District No. 214, my intentions, if elected. I entertain no prejudice against the manner in which past or present school boards have conducted the school. I am unbiased as to personnel and expect to remain so. I hope to help further economies without lowering the standard of the school. I will do my best to serve the best interests of parents, pupils and taxpayers.

Frances M. Schneberger

Mr. Hewson in a statement given to the public this week, outlines his position as follows:

"As a candidate for the Presidency of the High School Board, I wish to inform you of my attitude, in general, in school affairs. "Diminishing tax collections require the school to weather the economic storm through which we are now passing. "Cuts in school costs, however, must not be undertaken rashly or without careful study as to possible effects on the personnel and on the standing of the institution as an 'accredited' High School. A loss of status would make Arlington Heights a less desirable place to live in than neighboring communities."

"We must strengthen, not weaken, our school and at the same time be just to the taxpayer. "Should I be elected, I shall join the holdover members of the board with my ticket associates in the spirit of cooperation. Together we can accomplish much."

"As a Westinghouse engineer and director of engineering work of various kinds all my life, I have found that constructive results are only achieved by friendly cooperation in a common effort."

"Since the world war period when I was Secretary of Enterprise (Kas.) Township Schools (Grade and High), I have held certain ideas as to the need for a reorganization of education in general. These ideas I have seen gradually adopted by many of the foremost educators of the land. President Hutchins' reorganization of the University of Chicago and the dropping of Latin as an entrance requirement at Harvard and

### Glenview State Bank Reopened March 29th

The state auditor came to Glenview Tuesday and gave the local bank a thorough examination. He found this youngest bank in northern Cook county in first class condition. The auditor congratulates the officers and citizens on their stable institutions and authorized them to reopen their bank and resume regular business at 10 o'clock a. m. Wednesday.

The first day their cash deposits increased over \$20,000. Their assets are now \$385,000. Glenview has, for many years, been a live business town where all her citizens dwell in harmony together.

### 'HOME RULE' IN FINAL APPEAL TO TP. VOTERS

#### Township Election Next Tuesday; Record Vote Is Expected

Note—The Herald gave to each party in Wheeling township, the opportunity this week to address the voters in the interest of their candidates. The Home Rule group submits the article printed herewith. The Service Party has its message on page 8.

It seems apparent that more interest has been displayed this year than ever before in a township election. The reasons also seem obvious. A nation aroused can be depended on to do the right thing in a critical period, and as the ballot box voices the sentiments of the citizens of our great nation it is most easy to believe that they will not fail Wheeling township at this time.

Men of high character and ability are seeking office in an effort to put into actual practice the economy and business ability so vital to our welfare at this time. We are entering the dawn of a new era and it is essential that public officials from the smallest to the highest, be men whose "word is their bond" and who can be depended upon to exercise reasonable judgment in executing the affairs of our community.

It is little wonder then, that the topic of the day, no matter where you go is the character and ability of the various men seeking office. On the streets, in the stores, and barber shops the conversation soon drifts to the relative and comparative ability of the candidates.

One of the names filed under the name "Home Rule Party" and in a business like manner stated their aims, and purposes. I elected they are sure to give to the citizens of Wheeling Township an administration based on the fundamentals of economy and good judgment, truly in every sense of the word "A New Deal" for Wheeling township.

The candidates on this ticket came out at once with a well defined platform and you have to look at the names listed on this ticket to know positively that this ticket is made up of men who know and understand the true meaning of the home "Home."

They are men with homes and families and who respect the rights of your home and mine. With men of that character holding township office there can be no question but that we shall receive "A New Deal."

In view of all these facts and circumstances the writer of this article can fully recommend to the citizens of Wheeling township, to go to the polls on next Tuesday, April 4, and cast their vote where it will do most good for yourself and your family and that is one cross on the ballot indicating a straight vote for the Home Rule party.

Princeton are evidences of an evolutionary change in line with my ideas. "However, as our school must coordinate with the universities until these changes become general, these ideas have no application to high school affairs at this time. "I solicit your support for myself and my associates. We offer you competent service as a civic contribution in these difficult times."

### Arlington Heights Shoppers' District in Spring Sales

With the opening of three new stores in the Davis and Landmeier blocks between Davis and Campbell streets, the merchants, five in number, have adopted a trade slogan, "Arlington Heights Shoppers' District."

Starting this Saturday the G. H. Wilke jewelry store is holding its opening with a sale of big values. The Emerald Shop, upon the same date, is opening its doors for the first time in its new location. Schmidt Bros. Market has recently moved into the "district" and is again offering special bargains in honor of the occasion.

The Arlington Bootery and Dreyer Electric Co., are each making sale offerings—all being advertised upon page three of this issue.

In explaining the adoption of a trade slogan, Mr. Wilke said, "we are looking for the ideal name for our block of stores, and have temporarily adopted the term, 'Arlington Heights Shoppers' District.' We are glad to welcome into our publicizing program any other of the adjoining stores, who desire to join us. Our whole idea is to collectively popularize our stores. We believe that there are better times ahead and we are going to make our places of business attractive to customers, offering quality goods at as low a price as possible. We will not cheapen our stores with cheap merchandise. We believe that honest values are wanted by the public; that the citizens of Arlington Heights will take pride in a shopping district that is a credit to the community and will respond with its trade. We are planning improvements in our window fronts that will give our block a metropolitan appearance in the evening as well as during the day."

The business houses mentioned are not emerging upon a competitive trade campaign against any other shopkeeper in Arlington Heights. They will devote their entire attention to selling "Arlington Heights Shoppers' District" to the people of Arlington Heights and the surrounding communities. Naturally they will use a lot of printer's ink in carrying their message to the public.

### C. F. MILITZER, AGED LUTHERAN TEACHER, GONE

#### Taught 56 Years in St. Peter School; To Lie in State Today

The body of Mr. C. Frederick Militzer, whose remarkable career of 56 years of consecrated service in teaching in St. Peter Lutheran school in Arlington Heights has made him well known, will lie in state beginning at 3:30 o'clock this afternoon (Friday) at the church, to continue this evening and Saturday morning. Hundreds will call out of respect and affection for their old teacher and friend. At 2:30 o'clock this afternoon will be a special funeral service for the school children, only.

Mr. Militzer passed away about 10:20 o'clock Tuesday night at his home adjoining the church, after an illness that continued about a year and a half. He was 80 years of age, and had been a resident of Arlington Heights about 60 years.

The main funeral service will be held at the church Saturday at 2 o'clock. Details, in keeping with the distinguished sacrificial service rendered to the church and humanity by the deceased, are not completed as this paper goes to press. Interment will be in St. Peter's cemetery. Those desiring further information concerning arrangements may call the Karstens funeral home in Arlington Heights.

A biographical sketch is being prepared for a church publication, and will be included in this paper next week.

### Service Party Host to Many

There have been many guesses regarding the number who attended the card party given by the Service Party Monday night in the Ford garage building, but all agree it was the largest crowd of its kind that ever assembled. There were 131 tables and many who came were unable to find a place to play. Each table had its own prize and its occupants could play any game desired.

While the Service party acted as hosts, there was no electioneering. Introduction of the candidates, but no speeches. This is rather a novel way to electioneer, but it was apparently welcomed by the many hundreds who were present.

### COUNTY TAKES OVER RELIEF IN WHEELING TWP.

#### Bureau of Public Welfare to Extend Plan All Over Cook Co.

Supervisor Chas. F. Grandt of Wheeling township received word last week that the Bureau of Public Welfare had assumed entire responsibility for the issuance of all relief in his township. Mrs. Beulah Robinson, case worker aid, will have direct charge and will hold office hours Mondays and Thursdays in the relief headquarters above the Peoples State Bank.

The change has not been altogether unexpected as the work in the majority of the larger towns of the county had already been taken over by the Public Welfare agencies. Director Joseph L. Moss in his letter to Mr. Grandt, thanked him for the assistance he had been to the bureau.

This change takes off the shoulders of the supervisor a great responsibility and much work. It is no easy task to listen to complaints and handle them in fairness to both the public, who pays the bills and the applicants asking relief. Some of the latter are fair, but there are always those who try to impose upon the officials in charge of the work. Under the new plan, adopted by the Cook County Relief agencies, case workers will keep a very close check on applicants.

The letter notifying Mr. Grandt of the change follows: Mr. Charles F. Grandt, 30 Mitchell Ave., Arlington Heights, Ill. My dear Mr. Grandt:

In accordance with the policy approved by the Board of Commissioners some months ago, the Bureau of Public Welfare through its own staff is assuming entire responsibility for the issuance of all relief in the areas outside of the City of Chicago as rapidly as the staff can organize itself to do this. We are now ready to assume entirely responsibility for the issuance of relief in Wheeling Township, and on Wednesday, March 22, 1933, will take entire charge of relief distribution in Wheeling Township. Mrs. Beulah Robinson, Case Worker Aid, will be in immediate charge, working under Miss Greenspan, Supervisor of the Rural Service.

May I thank you for the assistance which you have given the Bureau to date. Will you please turn over to Mrs. Robinson any unused relief forms which you have, together with any information which properly belongs to the Bureau of Public Welfare.

Very truly yours, Joseph L. Moss, Director Applicants on Pick Business Firms

Under a general bulletin recently issued, applicants for relief can designate the firm from which their supplies can come.

1. Clients must fill out and sign request slip showing exact name and address of grocer.

2. When clients wish to change order from one grocer to another: This may be done by signing change of order slip giving name and address of the new grocer.

3. Orders that have been issued cannot be changed except for some good reason such as client moved to a different address or grocer refusing to accept the order.

May Callahan, of President Wheelan's office was in Arlington Heights Tuesday. In commenting upon the situation she stated that the change had been made several months ago in many places and would be extended to include every township. She said, it is no reflection upon the supervisors, but she is in a position to examine minutely into affairs of applicants who must first utilize every resource of their own before they can be given help from the public funds. Naturally an outside investigator can force an observance of these provisions, where a local man might be embarrassed.

### Fugitive Girl, Dog, Sleep in Stonegate, Found in Mt. Prospect

Giving as a reason that her stepfather had threatened to get rid of her small Scotch terrier dog, a Niles Center girl, age 12, ran away from home Monday, and that night slept outdoors on the porch of the empty Lauderbrook real estate office at Stonegate in Arlington Heights.

Officer George Whittenberg of Mount Prospect saw her walking on the Northwest highway the night before, and learning that night by radio broadcast that the girl was missing, was on the lookout for her in the morning. He picked her up at 8 o'clock next morning, at Emmerson street and the Highway in Mount Prospect, leading her dog by a leash. He called the police chief in Niles Center, who called the girl's mother, who came after her at once.

### SUPERVISOR GRANDT GIVES ANNUAL REPORT

#### Wheeling Township Funds are Depleted, Awaiting Receipt of Tax Money

#### LOWER TAX LEVY OVER 50 PER CENT

The books and records of Supervisor Chas. F. Grandt, of Wheeling township, were audited Tuesday by the Board of Auditors, including Messrs. Wm. E. Kopplin, George D. Davidson, Jr., and Gilbert Klehm, at the semi-annual meeting held that day. The report will be found on page 6.

The report shows that cash money in the hands of Supervisor Grandt is only \$16.16 of the \$630.11 balance. The rest is in three banks, two of which are closed while the third bank is observing the bank moratorium. Mr. Grandt presented to the auditors statements from the banks involved certifying to the correctness of the figures.

Mr. Grandt, in presenting his annual statement at this time, gives to the voters an opportunity to see for themselves, prior to election, just where their tax money goes for township purposes.

As will be seen by the report, practically the entire receipts come from taxes and due to the many years that are in delinquent collection, it is hard for the town board to guess in advance exactly how much money there will be to expend.

As will be noted, a large part of the expenditures during the last few months has been for payment on time warrants, which payment was made possible by the receipt of delinquent tax money.

A large part of the road and bridge funds were used for semi-permanent improvements, such as stone roads and road oil.

#### Lower Tax Levy 50 Per Cent

The dollar and cents reduction in the amount levied for taxes in the last four years has been over fifty per cent. The last reduction from \$16,600 for 1931 to \$13,100 for 1932 will be evident upon the next tax bill. The amount of money levied for the last seven years was as follows:

Road and Bridge Levies for—	
1926	\$16,250
1927	18,550
1928	21,700
1929	24,900
1930	19,700
1931	16,600
1932	13,100

The slogan for the new bank seems to be: A new deal for Arlington Heights.

### FRIDAY LAST DATE TO PAY TAX AT HOME

#### Only Straggling Collections Since Penalty Date

Today (Friday) is the last day to pay at least the first installment of 1931 real estate taxes to the local tax collectors, according to the last information received by them.

Collector William Rohlfing of Elk Grove Township will be all day, during banking hours, at the Mount Prospect State Bank. There has been a slowing up in collections since the first penalty date, March 15. So far, he has collected about 42 per cent of the 1931 taxes due from Elk Grove.

In Wheeling Township, Collector William Annen will be at the Arlington Heights State Bank Friday morning. People in this township have paid only about 30 per cent of their 1931 taxes, very little having come in since last week.

### SUBSCRIPTIONS FOR STOCK IS OPEN TO PUBLIC

#### Business Men Feel That a New Bank Means New Deal for Arl. Heights

With the local merchants realizing the necessity of a bank in Arlington Heights, application has been made with the National Bank authorities to organize the "First National Bank of Arlington Heights."

Capital is set at \$25,000.00 plus paid-in surplus of 75,000.00 Shares have been set at \$50.00 each so that a large number of stockholders will be reached.

Arlington Heights needs a bank. With residents going to nearby towns for banking accommodations it is natural that they spend some of their money at those towns. The local business men realize this fact; also the residents of the village should have a bank for their safety and convenience.

The village has been humming with activity the past several weeks, regarding the new bank. Conferences between representative business men have been held. State and National authorities have been consulted. The movement was originally started by Mr. Laurin who was seeking to reorganize the Peoples Bank. It was decided, however, that an entirely new bank would best serve the interests of the community.

When the new bank is opened it will be the most liquid bank in the Chicago district. All of the capital will be in cash. Banking facilities will be rented, therefore no cash will be tied up in buildings or equipment. The bank, therefore, will be 100 per cent liquid. As business grows, the expansion of the bank will serve as a help in the liquidation of the old banks, by making the tightened money situation a little easier and by utilizing bank building and equipment.

It is the desire of the organizers that the new bank be 100 per cent representative of the whole community. Officers should be selected from men who were not connected with either old bank. The directors should include men of intelligence and ability who will serve their community as directors. No large stockholders are desired, instead, a large number of stockholders will truly make a community bank.

The slogan for the new bank seems to be: A new deal for Arlington Heights.

### Calls Herman Garms "Father" of Highways

VOICE OF THE PEOPLE Herman Garms can be called the "father of our highways," said one of the old timers this week. "As long as I can remember Mr. Garms has had charge of our roads and believe me, it was some job in those old days without any state and little county aid. But times have changed now and we all expect better roads and we have them. With the state paving our roads, the county doing nearly as much, the highway commissioner must make his road money go a long way if he is going to keep the township roads left in his charge in a condition that they compare favorably with the state and county highways."

"The job as highway commissioner requires closest attention at all times. The roads must be protected. Mr. Garms, thru his many years experience knows every foot so well that after a heavy storm he knows exactly what section will need attention—and he gives it. Mr. Garms has many friends, like myself, who are going to remember him next Tuesday."

## ARLINGTON HEIGHTS

Hail to April! As she brings April fools—and all good things. If some tricks are in her budget—Laugh them off and don't begrudge it.

Meantime, here's our weekly news, Somewhat vey, may more amuse.

Tuesday, April 4, township and Park district elections.

Many friends of the Chapman will be glad to hear they may come this way—when World's Fair opens.

Mr. and Mrs. Richard Lorenzen of Chicago were guests of his brother, C. E. A. Lorenzen and family Sunday.

Mr. and Mrs. A. M. Conger are moving from North Pine street to the Puffer property on West Hawthorne. The Stearns family who were in the Puffer house have gone to the south side to live.

Henry Wilke of the postoffice force is still at home unable to work.

Mrs. Louis Haagen's mother, who has been visiting her daughter and family returned to her home in St. Louis last Saturday.

Mrs. Joseph Conklin from Toledo has been spending a week or two with her sister, Mrs. Otto Hermann.

Mr. and Mrs. Roy Floreny of Palatine have recently moved into the house in the Haemker house on South Evergreen avenue.

Mr. H. F. Martens and his daughters, Marcia Ruth and Jane visited relatives last Saturday in Chicago.

Dr. and Mrs. C. P. Draper spent a part of last week in Woodstock.

The Boy Scout Parent Auxiliary met last week Wednesday with Mrs. Charles Kehm. The regular business session was carried out.

There were choice refreshments as their hostess was sure to prepare. The auxiliary are planning for a social afternoon with cards and other enjoyable numbers on the program. This will be given in the W. A. Miles home—date not yet decided.

Mr. and Mrs. Herman Heilmann of Chicago, were Sunday guests of Mr. and Mrs. Edward Fritz.

Mr. and Mrs. Oscar Weide and daughter, Grace, were Sunday guests of his sister, Mrs. Walter Fiene and family.

About thirty-five children of the Primary department of the Presbyterian Sunday school took part in the evening service last Sunday, under the direction of their teachers, Mrs. Mayer and Miss K. J. Kealy. Bright and eager to do their parts these little children set a fine example for us older grown who too often shirk our part.

No service is more pleasing than that one when the children sing and speak. These children certainly spoke well for their teachers' part in training them to do. The Pastor, Dr. Kossack, gave a short talk that pleased and interested the children. The whole service was interesting.

Mr. and Mrs. Burton Field of Palatine, were Sunday guests of Mr. and Mrs. Raoul Peters.

Carl Johnson, long employed on the Hoover Dam, left when work closed for the winter and went to California. He is now up in the mountain region at a town called Melrose, safe from earthquake shocks.

Regarding Miss Dorothy Helms' letter from the region of the earthquake last week, we neglected to tell of her meeting Lieut. George Beardsley and Raymond Peters, son of Mr. and Mrs. Charles Peters. These "our own" brave Marines, were called into strenuous service in the time of the earthquake. Miss Dorothy said they were doing heroic work.

The Louis Reinert family of West Euclid, who have been in quarantine for some time, are glad to have the restrictions removed and in other words are free to come and go as they need to.

Mrs. Prasinos, who has been staying with her son, George, on West Euclid avenue, has returned

to her home in Greece.

The friends of Mrs. Caroline Fiene, who has been bedfast for four months, on account of a fractured hip, and other injuries, received in an accident, are glad to learn that she can now sit up in her wheel chair and in many ways help herself. Four months the 21st of April since she has been so helpless. For a woman of Mrs. Fiene's constant activity, this has been a bitter trial.

Mrs. Crowley, who came home with her daughters, Mrs. Flynn and Mrs. Gable, over two weeks ago, has been ill ever since. She suffered a stroke in one side which causes her to be helpless. Mrs. Gable suffered from a severe cold and now Mrs. Flynn has the same ailment.

We hope spring and sunshine, more like Florida brand, they so much enjoyed, will restore the family to their usual good health.

Carl Kehm recently visited his sister, Margaret, at Champaign. She is looking forward to the Easter vacation when she can come home to visit her father, mother and all the home folks.

The R. A. Salisbury family are preparing to move to Winona, Minnesota, where Mr. Salisbury's business calls him. Their many friends here regret to have them leave Arlington Heights. We can ill afford to lose such desirable citizens, who have meant much to our musical, social and church circles.

The O. M. Johnson family drove over to Austin last Sunday. They saw the ruins of that wonderful church recently burned down in Austin. An unmeasured loss to the place.

Two of the Misses Elfeld from Chicago, were guests of their brother, Dr. E. A. Elfeld, and family, Friday last week. Doctor's many friends are glad to see him able to drive wherever called on more.

Earl Schmitt, a student in Purdue college, is now spending his vacation with his home folks.

The Art tour planned for the Woman's club, directed by Miss Irene Russell, chairman of Art committee, has been postponed from April 5 to April 12. Club members and their friends are urged to take advantage of this delightful visit to Chicago art galleries. For further information consult Miss Russell or Mrs. Heller, president of the club.

Mr. and Mrs. Joseph Wampach of Libertyville, were guests of Mr. and Mrs. Uselding Sunday. Mr. Wampach is resident manager of one of the Insull estates, which has been taken over by the new management.

Miss Irma Hoffman entertained twenty of her high school associates, Sunday afternoon in her home on North Vail avenue.

The Friendly class gave a luncheon and one of their social meetings Thursday afternoon.

The Ever Ready club met for a regular session in the home of Mrs. M. J. G. Tuesday, all members present. Mrs. Hermann's sister, Mrs. Conklin from Toledo, was a guest. A quiet game requiring busy thinking, was carried on. Dainty refreshments served to these Ever Ready helpers, kept busy with their needles.

Mrs. J. P. Uselding spent a few days this week with relatives and friends at Aurora.

Mr. and Mrs. Roy Miller of Park Ridge were Sunday guests of her parents, Mr. and Mrs. Charles Peters on North Dunton avenue.

The original "Mothers Club" of older days met with Mrs. Elmer Crane on North Belmont avenue.

MAN'S HEART STOPPED, STOMACH GAS CAUSE

last week. A pleasant afternoon was spent with their cheery hostess, while chat was busily carried on, their fingers were unfolding marvelous patterns in the fad of the period quilt piecing. Who isn't in that artistic line of work or needs quilts more than mothers? Surely this party was a happy one.

The 94th birthday of Mr. Robert Reed was happily observed last Friday, March 25. His children, grandchildren, and other relatives gathered in his home to do him honor. Representatives of the Relief Corps from Des Plaines, came with their usual gift of beautiful roses. Palatine friends were also represented. Mr. Reed is the last one left to us of the Civil War veterans. The whole community, we are sure, wish that he may have many more happy anniversaries, and we desire him to know all do him honor in remembrance of his loyal service.

Little Rose Mary Heller, daughter of Mr. and Mrs. Eugene Heller, was given a happy birthday in her home Monday this week. All that her busy mother could plan that she knew little girls enjoyed, was brought into the merry party. The guests were Rose Mary's playmates. They will all hope for her to have many more birthdays, with just such real parties.

**Taxpayer Interviews**  
Mr. Herman Garmes

As a voter and a taxpayer I felt that I would be justified in learning the truths in regards to road and bridge funds in Wheeling township. I therefore went to the trouble of looking up Mr. Herman Garmes who, as you know, is the road commissioner of Wheeling township. He seemed very willing to give me all the information I desired and the result was a very enjoyable, as well as enlightening talk with a public official who is, I believe, one of the most sincere and conscientious men in public life in this community.

I learned that the road and bridge fund is in excellent shape. After 1930 bills had been ordered paid, there was a nice balance left. From the 1931 taxes there was only about \$2,400.00 spent which will result in a substantial balance for 1932. The tax money is in, while from the 1932 taxes, Mr. Garmes had spent only \$1,100.00, and as there has been no tax levy for 1933 as yet, it is easy to see that the roads and bridges of Wheeling township are in very capable hands.

Mr. Garmes informed me that he had succeeded in cutting road and bridge expenditures in half during the past four years and I was so impressed with his sincerity that I believe he will better that during the next four years.

When a person takes the time to find out a few truths in regards to local affairs and learns of the great things men like Mr. Garmes have done for this township, it is not hard to understand why he is so highly regarded.

Success to you, Mr. Garmes and to all of your associates on the Home Rule Party.

## ALUMNI END SEASON WITH DOUBLE WIN

Victories Overbalance  
Losses 16-2 for Light-weights

The Arlington Alumni ended their basketball season last Friday evening when they caged a double victory over the Toga team from Bensenville, the heavies winning the curtain raiser 43-31 and the lights outlasting the Toga first team in the feature game 53-42. These games brought to a close the most successful season the alumni have ever had.

**Aces Hold Their Own Against Taller Opponents**

The Aces gained the lead from the first tip-off when McKaig put in a side shot and Koppin made a free throw. J. Schoppe started his barrage of shots from under the basket using his height to good advantage. Mors widened the margin for the home team and Arlington led at the quarter 9-5.

The second period was the only one in which Bensenville outscored its opponents, making eighteen points to Arlington's twelve. J. Schoppe and Keobberman did the large part of the scoring, counting from under the basket with tip shots. Stefanik, who entered the game in this quarter, helped keep the home team in the running. At the half the Toga had a slight edge, the score favoring them a two point margin, 23-21.

**Arlington Regains Lead**

In the second half the Aces tightened their defense considerably but could not keep Schoppe from scoring until the last quarter. Opening with a varied passing attack, the Arlington team gained set shots consistently. Koppin and Stefanik registering the shots under the basket while "Bandy" Volz was garnering five field goals from the vicinity of the free throw circle. Mors added five free tosses and a field goal to his contribution and held the opposing center to one goal which was made late in the last quarter.

**Heavies Win Opener**

The heavyweights won their game after holding their own thru three quarters and then going ahead to win easily in the final period. Wahl, Annen and Jahring led Arlington's scoring. A. Born was high scorer for the visitors.

J. L. Grose officiated both games. Teams End Year With Flashy Record

Both of the alumni teams are proud of the records they made this year. The heavies winning nine games and losing seven, (most of the losses coming at the beginning of the year before their organization was complete) making percentage of 56.2 for the year. The lights suffered only two defeats out of eighteen games and boast victories over some prominent teams of the district and one from Indiana. Their standing rates 88.8 per cent.

The Alumni Organization wishes to extend its thanks to: the petition signers, who helped them get the use of the high school gym; the high school board; Mr. N. Hauff, Mr. W. Koppin, Mr. W. McKaig, and Mr. G. Frumberg; the officials, Mr. R. Hayes, and Mr. J. Grose; and its patrons and basketball fans of the town who have witnessed the games and thereby helped make the season possible, and successful.

Have good building to exchange for farm. Can add cash if needed. Would like to hear from owners.

## AMERICAN LEGION

**Merle Guild Post**

Well—here is the news you have been waiting for, for a long time; the bird whose name was picked in the "Pot of Gold" drawing was Dere and won the dough. High Pressure Bill shuffled the cards and then called upon our good old Past Commander Philip Engelking, who runs a garage and sells Plymouths as a side line, his real business is that of Commander of our Drum and Bugle Corps, well Phil stepped to the front, blew on his hands awhile and went thru other forms of magic so as to pick a winner. Phil rolled up his sleeves and then put his hand into the can and drew forth a card which he handed to High Pressure Bill, there was a hushed silence as Bill scrutinized the card and remarked "well I'll be d—d" our good old friend the Reverend Paul G. Williams sitting at my side is the winner. The cries for a speech were insistent and Paul was so stunned by his good luck that he arose and said, "I didn't believe it was in me" and Otto Schwartz piped up from the back of the room, "I am glad it was you instead of me," however, he said it in such a way that one doesn't you know and so forth.

One of the first things we noticed upon getting into the home was the fact that Johnnie Wilson loosened up since he is acting Finance Officer and had the "Preamble to the Constitution" sign lit up and you should have heard the boys in the back room read it off during the meeting.

There was a large crowd out last meeting and a lot of interesting and important things came up. Remember that some time ago it was decided that all propositions to come up before district and Cook county meetings should come up before the individual posts first so that their delegates could be instructed how to vote. Well, Norwood Park post will present a set of resolutions to the next district meeting and these came up at our last meeting, they were quite long, but High Pressure Bill was equal to the task, boy, he gave us a slick exhibition of fast, fancy and colorful reading twisting his tongue but once when Alex Ask-a-louse ably stepped into the breach. One of the propositions submitted by Norwood Park is that all aliens in this country over one year and who have not as yet taken out their first papers and are at present on their relief list, be made to take out their first papers within 60 days or suffer deportation. This, we think, is a very good, a just proposition, and we voted yes on it. One of the resolutions regarding President Roosevelt's Economy Bill, was puzzling and so we tabled that; on all the others we voted in the affirmative.

Our congressman, Leonard W. Schuetz wrote us a letter explaining his stand on President Roosevelt's Economy Bill, his objection to it was that it permitted no amendments and made no provision to cut the salaries of the numerous senate and house employees who at present are receiving the highest wages of all government employees, he thought it unfair to cut small salaries and let these better plums hang as they are, and we think him right. Congressman Schuetz has always proved himself a friend to the ex-service man and we were glad to acknowledge his

letter and thank him for the courtesy shown us.

Phil Engelking says that out of over a hundred members only 22 sons' names were submitted to the Junior Legion Post—this number was increased immediately as Les Griffith was sitting right next to Phil and called for four cards to take care of his growing army. Comrades, if you haven't turned in your son's name as yet, do so immediately by getting in touch with Phil Engelking at his garage. Your son will be puffed if you fail to send in his name and believe me you would have been sore if your Father had left you out of the sons of the Spanish-American War Veterans—now show your son that your heart is in the right place and submit his name.

Les Moodie told us that the Dental clinic in town is running short of funds to carry on the good work started and that certain organizations in town are subscribing money each month to cover this deficit. A motion made by Cowboy Stadler that we contribute a certain sum each month for the rest of the year to the clinic was carried.

Our Boy Scout troop will meet in the village hall this coming Friday night. We are building a Cub Scout troop, so if your son is 12 or under let him come to the meeting anyhow, and join the Cub scouts. Remember that membership in the Cub or Boy Scout unit is not restricted to sons of Legion members; any boy in town is eligible, so tell your neighbor about it. Also don't forget that our post is sponsoring a model air meet under the direction of Major Schroeder and all boys in town are asked to join and submit samples of their planes.

Comrade Kirsche was commanded to get the old covered wagon out of Wetts' Garage and drag it over to Bili Bockmeyer's house as soon as possible as Bill intends to use it as a trailer on his contemplated trip to Iowa in the near future. He'll use his brand new Flivver as his team of oxen, however.

Bill Bockmeyer brought up the matter of this year's Blanket contest, the proceeds of which are to be used to buy some new bugles and to cover our expenses to the state convention to be held at Rockford this year. Because "Priscilla" Alden so ably handled the contest last year, he was appointed again this year. All we ask is that you remember Danville and then go out and work like Hades to sell your book now for Rockford.

The meeting ended as all good things do and we adjourned to dine and drink on coffee and ham and cheese sandwiches. After these all disappeared the Ping Pong and Pinochle tournament started.

**Banking Service Must Go On**

Regrettable as is the situation that brought about the National Moratorium, the business and banking world is today upon a new foundation—stronger than ever before. There is a renewed confidence in banking generally and the banks have a new responsibility that they are meeting 100%. Fortunately, this bank was among the first state banks to receive authorization to reopen for business. Our cash reserve and general condition was immediately recognized by the state auditor's office.

Aside from our regular customers there are many others who have opened accounts here the past ten days and are looking to us for banking service. We are glad of the opportunity to serve these people. The same service that we have always given our patrons, backed by a large cash reserve and conservative banking methods on the part of our officers awaits the individual, the business man and the organizations who may need banking service at this time.

This bank hopes and expects that the present curtailment of banking service in many communities is only temporary. In the meantime, this bank is ready to serve you in any way that it can.

## ARLINGTON HEIGHTS

### OBITUARY

OTTO E. HERMANN

Otto Edward Hermann was born in Chicago, March 30, 1868. He married Miss Mollie Bower July 30, 1895, and lived all his life in Chicago until he came to Arlington Heights ten years ago.

For thirty-three years he was employed with the E. C. Dewitt Medicine company. For ten years Mr. and Mrs. Hermann have been residents of Arlington Heights. He died Tuesday, March 21, 1933, in his home on South Evergreen avenue, after an illness of less than two days, aged 64 years. The funeral was held Saturday, March 25, from the home to the Presbyterian church, the pastor, Rev. H. A. Kosack, in charge of the service. The Eastern Star sang appropriate hymns at the church. Miss Fern Lorenzen at the organ. Burial was in Rosehill, where the funeral ceremony of the Masonic order of which Mr. Hermann was a member, was impressively carried out. Many Chicago friends attended the funeral, as well as several of his business associates.

For his ten years in Arlington Heights, Mr. and Mrs. Hermann have made many loyal friends. He never was kinder neighbor or more generous. In every line of relief or kindly work we have had no one more generous. Mr. Hermann leaves to mourn their loss, his wife; two nieces, Mrs. Dorothy Comfort of Minneapolis and Mrs. Katherine Wolf of Albany, New York, and other family friends and connections.

Those who know them always speak of Mr. and Mrs. Hermann as ideal companions in all their journey through life. To Mrs. Hermann in her bereavement, scores of friends deeply and sincerely sympathize. In her desolate home may God comfort her. In her ever ready hands for good and helpful deeds, she will find friends and neighbors who will prove their appreciation and never may she feel that she is alone.

### Dental Survey Completed in All Schools

The dental survey of all schools in Arlington Heights, grade and High, was completed Tuesday; every one of the five dentists gave his time. The sterilizer from the Dental Clinic in the Village Hall was taken along and every instrument was sterilized in it. Miss Blanche Ankley, nurse at the clinic assisting, so that conditions of cleanliness and safety were maintained as in the clinic itself. Miss Martha Jackson, community nurse, served throughout the survey.

The number of defective teeth were noted, also general condition of teeth and gums. Teeth were rated as O, K., good, fair, bad, and very bad. Copies of these records will be given to all school children to take home with them. The dental survey will feed the dental clinic.

Great improvement was noted in this survey over previous years, although there is a slight drop from last year, apparently due to economic conditions which have caused many to hesitate to incur expense for dental service.

It may be a new idea to some that the first set of teeth need to be looked after in order to protect the second set; but this is now recognized as necessary. A case is cited when a molar of the second set became decayed from the infection of two bad teeth of the first set next to it.

### Auxiliary Notes

Ten members of Merle Guild Auxiliary enjoyed a Ninth District meeting and entertainment at Ris Park Field House, Chicago, March 16. 300 women were present. The meeting was held in convention style in honor of the Department President, Mrs. Ada Muckelstone. Our unit was represented with colors by Mesdames Stella Wilson and Frieda Sheffer.

Tonight (Wednesday) Mrs. Eleanor Bridges, Rehabilitation chairman, is planning to attend a party at Edwin Hines hospital, five members of this unit being invited. There will be cards and refreshments, each exercise man receiving a package of cigarettes. Merle Guild unit is donating three cartons of cigarettes.

Next Saturday night the Post will entertain the Auxiliary. The wives of the Legionnaires and the husbands of auxiliary members. To say that the ladies are eagerly anticipating this event is putting it mildly.

The next Auxiliary meeting, April 4, will be in the hands of the Child Welfare chairman, Mrs. Etta Fitzpatrick. Entertainment by some children and a talk by Miss Jackson are on the program.

### Catlow Theatre Gives "High Fidelity" Sound In Feature Programs

"High Fidelity" sound at the Catlow theatre, Barrington, is eliciting enthusiastic praise from the many movie fans who attended "The Kid From Spain" and "42nd Street," the two pictures chosen for the opening of the new sound system.

"The Sign of the Cross," a magnificent spectacle of ancient Rome is now closing its run at the Catlow. It will be shown the last time Friday night. It makes way for Tom Mix in "Terror Trail" for Saturday feature. Mix and his new horse, Tony, Jr., will gallop across the screen in a Western adventure set against a background of remarkable scenery. Four short subjects will round out the Saturday program, and provide interest for all tastes.

Barbara Stanwyck, chosen by popular vote as the first lady of the screen, comes to the Catlow Sunday and Monday in "Ladies They Talk About."

A short subject of feature interest which will form a part of the Sunday-Monday program is a cartoon called "Bugs and Books." A color comedy, late News reel and Community singing will add further variety. The Sunday show will be continuous from 2:00 p. m.

# VOTE THE SERVICE TICKET STRAIGHT

## To The Voters of Wheeling Township—

Do you want Hokum and Bunkum? Do you want Evasions and Oratory? Do you want false promises? We should all be in earnest about things because we are passing through critical times and are interested in vital things.

Don't be fooled by the old time political can and "hurrah boys." Have a straight-from-the-shoulder talk with any of the candidates on the Service Ticket—the sort of sincere talk that tells things and does not

evade. Do not be misled by vote-getting methods.

Demand the Truth. Forget the "Party First" propaganda. Now is the time to put the BEST men in office,—men who in the last two years twice have served notice on the underworld that they cannot operate or congregate in our village.

See that strong, competent men, men of judgment and intelligence, men of purpose and high prin-

ciple, men who have the welfare of the boys and girls, the homes and the churches, the working man and his job at heart, are put in Township offices.

We all must realize that the ballot is a thing of tragic importance; that politics is vastly more than a scramble for office among the self-seekers.

Think these things over as you look at the candidates for office. Observe their past actions and scrutinize their records—and—
